

*Faulkner*  
United States Department of State

Washington, D.C. 20520

OCT 17 2003

Dear Mr. Speaker:

Pursuant to Section 36(c) and (d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement for the manufacture of significant military equipment abroad and the export of defense articles or defense services in the amount of \$100,000,000 or more.

The transaction contained in the attached certification involves the export of defense services, technical data and defense articles to the United Kingdom, France and Germany to support the manufacture of various transmit/receive modules and components of the Counter Battery Radar (COBRA) program for use by the Governments of France, Germany and the United Kingdom.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Paul V. Kelly  
Assistant Secretary  
Legislative Affairs

Enclosure:

Transmittal No. DTC 095-03

The Honorable

J. Dennis Hastert,

Speaker of the House of Representatives.
